

Elevating Your Enjoyment of the Game

Instructional Programs & Lessons

Teaching Philosophy

We don't want to change your swing, we want to improve it''

- Provide you with a better understanding of your golf swing
- Consistent, measurable and affordable instruction
- Access to FlightScope and other teaching software (upon request)
- Video swing analysis and review
- Knowledgeable and accessible PGA of Canada staff

FlightScope is a state-of-the-art system used for fitting and teaching members and their guests with the latest technologies from all major manufacturers. It uses Doppler radar that tracks the ball from impact, measuring spin rates, launch angles, swing and ball speeds, face angle and much more.

Blast Motion Golf

Easily attach the Blast Motion sensor to any club. Blast's patented natural motion capture allows golfers to swing the club or roll some putts and forget about the technology while receiving immediate feedback.

Seasonal Coaching

Fully customizable season long coaching programs are available to fit the need of all individuals of all skill levels.

300 minutes for \$700.

You can use your minutes any way you want! Take a 30 minutes lesson, or a 15 minute refresher before hitting the links, or a 2 hour on course playing lesson.

Please come see the professional of your choice and we will be more than happy to work with you to create your desired season long coaching program.

Clinics

A variety of clinics will be set up by your professional staff throughout the season. They will be posted online and on relevant information boards. Clinics include a number of short game topics like chipping, pitching, putting and bunker play.

If you have 4 or more people interested in a private clinic, please come see the professional staff and we would love to set something up. for you.
