

SILVER SPRINGS GOLF & COUNTRY CLUB

Building Maintenance Technician (SPT)

Silver Springs Golf & Country Club is a private, member-owned golf and dining facility located in Calgary, Alberta. The Club aspires to provide the best possible member and guest experience both on and off the golf course. Members truly participate here, in a club where quality of life and their recreation is further improved by belonging to Silver Springs.

Silver Springs is ideally situated on an expansive, 290-acre property in north-west Calgary, only minutes from the downtown core. The Club continues to craft a culture of service and remarkable care that clearly extends throughout the golf course, the recently renovated clubhouse and through quality member service and events.

The Club has recently embarked on an aggressive multi-year strategic plan that focuses on:

- Operational Excellence - conducting our business operations to provide exceptional service and a quality experience to our members and guests;
- A Quality Golf Course - maintaining our course to a high standard of conditioning and fit & finish;
- Financial Excellence - maximizing revenues and effectively managing expenses all while balancing the member experience;
- Brand Awareness - building our Club's brand within the Calgary and Alberta golf marketplace to continue to attract new members.

The Club is currently seeking a Building Maintenance Technician to ensure that the technical/operational requirements of our building systems are in proper working condition.

Responsibilities

Job Purpose

The Building Maintenance Technician is responsible for overseeing the repair and preventative maintenance requirements of the clubhouse infrastructure, equipment.
